The image shows a piece of yellowed lined paper with handwritten notes and drawings. At the top left, '15 a.m.' is written. Below it are several boxes containing numbers: '44', '15', '9', '135', '3', and '132'. There are also some symbols like a colon and a triangle. A large purple scribble covers the word 'pets'. To the right of 'pets' are the words 'to', 'in', and 'me'. Below these are more numbers: '267', '7.5', '9', 'like', '132', and '55'. On the left side, the words 'pillar' and 'm' are written. At the bottom left, the word 'inter' is written. There are several hand-drawn sketches: a house-like structure, a person's face with a crown-like top, and a bird-like creature. The drawings are simple and appear to be made with a pen or marker.
